

# Technical Expert Panel (TEP) Membership List

**Project Title:** Development of a Quality Measure Assessing Delay in Progression of Chronic Kidney Disease (CKD)

**Project Overview:**

The Centers for Medicare & Medicaid Services (CMS), through its Center for Medicare and Medicaid Innovation (CMMI), contracted Yale New Haven Health Services Corporation Center for Outcomes Research and Evaluation (CORE) to develop a quality measure related to delay in CKD progression. The contract name is Quality Measure Development and Analytic Support, Option Year 2. The contract number is HHSM-75FCMC18D0042, Task Order HHSM-75FCMC19F0003. As part of its measure development process, CORE convenes groups of stakeholders and experts who contribute direction and thoughtful input to the measure developer during measure development and maintenance. The primary goal of this project is to gather expert and stakeholder input to inform quality measure development for implementation in a CMMI model focusing on Medicare beneficiaries with CKD.
